

# GPRS COMMUNICATOR

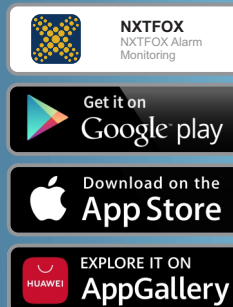

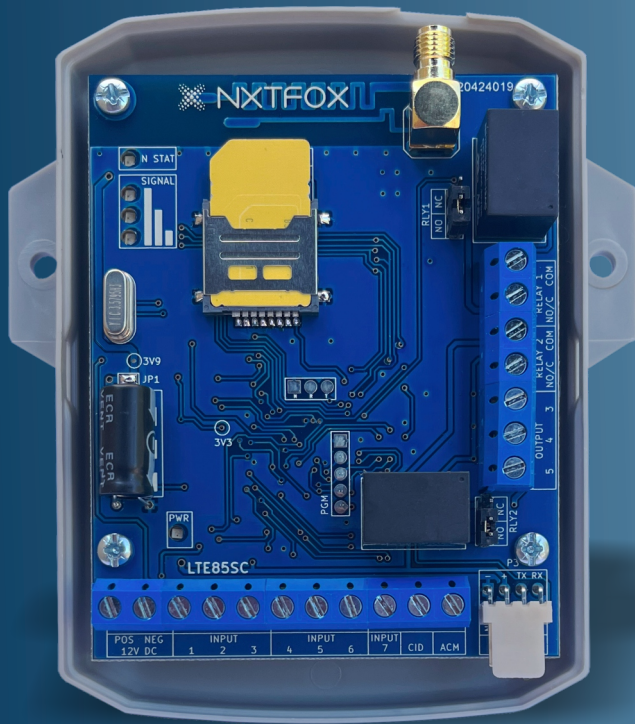

The GPRS LTE Communicator offers an easy and secure way to control and monitor an alarm system, open a gate, turn on a pump or a light with the **NXTFOX APP**.

## SERIAL PANEL INTERFACE

The serial interface allows for APP away/stay arming, partition arming and zone bypassing. Compatible with TEXECOM, ORISEC and PARADOX alarm panels.

**Upgrade your alarm panel with the NXTFOX app**
